Re: Safe and Sound II Solutions Tariff Bundle

Dear Ms. Standley:

United Telephone-Southeast, Inc. (Sprint) filed the above referenced tariff and by letter dated July 14, 2003, advised you of Sprint's position regarding the resale of this bundled offering. This letter is to revise what was provided to you earlier.

The inside wire and CPE maintenance products in the bundle are deregulated. Sprint's position is that it is not obligated to offer non-regulated services for resale. Since the bundled offering includes non-regulated services or products, Sprint is therefore not obligated to offer any portion of the offering for resale. With respect to the regulated elements of the bundled offering (the access line and caller ID), a reseller can obtain these services from Sprint's general subscriber tariff at a wholesale resale discount. The reseller can then produce any bundled offering it may wish. I apologize for the need to revise our prior letter, but this letter represents our position.

Please contact me if you have any questions.

Sincerely,

James B. Wright

Dear Ms. Standley:

In accordance with our conversation of July 10, 2003, following is Sprint's statement regarding the resale of the Safe and Sound II Solution bundle. This product is provided in conjunction with the purchase of deregulated inside wire and CPE maintenance products. Sprint confirms that this service is available for resale to resellers on condition that they provide comparable deregulated products to their end-users so that the same terms and conditions of this product offering can be available to the reseller's customers as are available to Sprint's customers.

If you should have additional questions, please do not hesitate to call me at 919-554-5277.

Sincerely,

Kaye B. Odum
